DETAILED ACTION

Response to Amendment

The reply filed on 22 May 2006 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): the amendments to the specification do not unambiguously identify the location, to delete one or more paragraphs of the specification, replace a paragraph with one or more replacement paragraphs, or add one or more paragraphs as is required by 37 C.F.R. § 1.121(b)(1)(i) because it appears that Applicants' version of the specification has different pagination and lines numbers that the originally filed specification and therefore, Applicants' instructions may cause problems at the time of issuance and printing of the application.

For instance, Applicants' instruction to rewrite the paragraphs as page 1, line 16 to page 2, line 13, appears to be incorrect since in the originally filed specification, it is the two paragraphs from page 1, line 16 through page 2, line 11, that are being replaced. Also, Applicants' instruction to rewrite the paragraph at page 7, line 5, appears to be incorrect since in the originally filed specification, the paragraph being replaced is at page 6, line 22. Additionally, Applicants' instruction to rewrite the paragraph at page 8, line 21 to page 9, line 17, appears to be incorrect since in the originally filed specification, the paragraph being replaced is at page 8, line 13 to page 9, line 8. Finally, Applicants' instruction to rewrite the paragraph at page 10, line 18 to page 11, line 8, appears to be incorrect since in the originally filed specification, the paragraph being replaced is at page 10, line 9 to page 10, line 21.

If Applicants do not have a copy of the originally filed specification, they should refer to PUBLIC PAIR (i.e., see last paragraph of this Office Action) where they can find a copy of the originally filed specification and use that for page and line numbers of the paragraphs in the specification that they are trying to amend in the amendment.

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
